MACHINERY

Index to Volume XXVI
September 1919—August 1920

1920
THE INDUSTRIAL PRESS
140-148 Lafayette St.,
New York

Index to MACHINERY

A

Abbott, Edward R., Personal of..... 292
Abrasive, Carborundum Co.'s New Aluminous.. 189
Abrasive Disk, Gardner..... 1191
Abrasive Wheels..... 375
Accident Prevention in Crucible Melting Department of Halcomb Steel Co..... 497
Accident Prevention in Steel Industry..... 513
Accident "Thermometer," An..... 418
Accidents by Systematic Effort, Reducing..... 442
Accidents in Wisconsin, Reduction of..... 971
Ackland Specialty Co.:
Screwdriver 994
Adams Mfg. Co., O. R.:
"Short-cut" Lathe..... 779
Adjustment for inserted-tooth Saw Blades, Hunter Improved Tooth..... 776
Advertising, News Value of..... 997
Aeronautical Exposition..... 526
Aetna Foundry & Machine Co.:
Sheet Tinning Machine..... 884
Air Chuck Attachment for Threading Studs, John J. Borkenhagen..... 1171
Air Compressor, Black & Decker..... 996
Air Compressor, Ingersoll-Rand Portable..... 183
Air Compressor, Sullivan Portable..... 885
Air-cooler for Hardening High-Speed Steel..... 1174
Air Mail Service Record..... 109
Air Reduction Sales Co.:
"Airco" Welding Torch..... 185
"Airco" Welding Torch..... 185
Airplane, A Commercial..... 790
Airship Service, German..... 426
Airship Structure, Parts in..... 353
Ajax Mfg. Co.:
Upsetting Forging Machine..... 571
Alignment, Cutting Triple Gears with Accurate Tooth, Clayton C. Marsh..... 309
Allan-Diffenbaugh Wrench & Tool Co.:
Pipe and Nut Wrench..... 1095
Adjustable Wrench..... 1192
Allen, Arthur Elliot, Personal of..... 586
Allen, C. Edgar:
Making Whitworth Thread Gages..... 1157
Alligator Shears..... 785
Allis-Chalmers Mfg. Co.:
Direct-current Motors..... 287
Allowances and Tolerances for Screw Threads.. 1019
Alloy Steels, Testing..... 336
Alloys, Bearing Value of..... 909
Alloys, Effect of Heat-treatment on Aluminum.. 725
Alloys, Research in..... 452
Alpine Water Power..... 464
Alter, Robert S., Personal of..... 895
Aluminous Abrasive, Carborundum Co.'s New.... 189
Aluminum Alloys..... 1076
Aluminum Alloys, Effect of Heat-treatment on.. 725
Alwyn-Schmidt, L. W.:
The Problem of Overhead in the Repair Shop.. 1161
Amadon, Charles S., Personal of..... 895
America, Manganese Industry in..... 464
American Association of Engineers, Removal of Chicago Quarters of..... 191
American Broach & Machine Co.:
Broaching Machine..... 876
American Car & Foundry Co.:
Electric Rivet Heater..... 883
American Chamber of Commerce, Belgian..... 397
American Drop Forge Association:
Program for the Convention..... 893
American Engineering Standards Committee:
Revised Constitution Adopted..... 647
Activities of Committee..... 1179
American Foundrymen's Association:
Convention and Exhibit..... 11
Plans for Convention for October..... 791
Announcement of Convention for October.... 1198
American Gage Co.:
Limit Snap Gage..... 190
Bench Centers..... 684
American Gear Manufacturers Association:
Convention 276
Fourth Annual Meeting..... 892
Fourth Annual Convention..... 925
American Industries, Capitalization of..... 191
American Institute of Electrical Engineers:
Election of New Officers..... 996
American Institute of Mining and Metallurgical Engineers, Hoover Elected President of..... 613
American Machine Products Co.:
Direct-reading Cylinder Gage..... 684
American Machine Tools in Spain, Ramon Casals 316
American Malleable Castings Association..... 174
American Pneumatic Chuck Co.:
Milling Vise..... 372
American Railroad Association, Convention of.... 1098
American Shop, The Metric System in an, Theodore H. Miller..... 1128
American Society of Mechanical Engineers:
September Meeting..... 198
Annual Convention..... 407
Spring Meeting..... 609
Spring Meeting..... 1081
Adopts Resolution Regarding Metric System.... 1170
American Society of Mechanical Inspectors, Russell R. Ux..... 168
American Society of Mechanical Inspectors:
Confer Honorary Membership on C. E. Johansson 174
Convention and Exhibit..... 614
Spring Meeting..... 849
American Standard of Living, The..... 7
American Steel Treaters' Society to Meet in Chicago 76
American Submarines, Comparison of German and 753
Americanization Bill, Kenyon..... 656
Americanization Movement, The..... 818
Americanization Work Conducted by Worcester Manufacturers 255
Anderson, G. E., Personal of..... 292
Andrews, H. W., Obituary of..... 294
Andrews Rustproofing Laboratories:
Rustproofing Process..... 1096
Angle Benders, Wallace Pipe and..... 1090
Angle-iron, Taft-Peirce V-blocks and..... 567
Angle of Tool for Notching a Ring..... 769
Angle-plates, Nelson Universal..... 81
Angles of Tapered Plugs with Two Sizes of Wire, Measuring the, V. E. Ayre..... 360
Annealing Box, Carburizing and..... 582
Annealing Furnace, Charging Machine for..... 906
"Anyangl" Lighting Fixture, Miller..... 1187
Apgar, J. D., Personal of..... 689
Apprentice, See also Training.
Apprentice House, The Brown & Sharpe..... 1193
Apprenticeship, A Substitute for..... 714
Apprenticeship, Successful Substitute for..... 746
Arbor, Expansion..... 873
Arbor Presses, Atlas..... 778
Arc Welding, See Welding.
Area of a Circular Segment, Formulas for Finding the, William W. Johnson..... 870
Area of a Segment, R. L. Friess..... 272
Area of Triangle, Simple Formula for Finding, F. C. Mason..... 1078
Areas of Circles, Polyphase Duplex Slide-rule for Finding, U. Roy Sewrey..... 980
Areas of Circles with Polyphase Duplex Slide-rule, Simplified Method of Finding, Warren Ichler 766
Arm for Ratchet Drill, Norman McCleod..... 1077
Armature Winding Machine, P. E. Chapman.. 278
Armstrong-Blum Mfg. Co.:
Punch, Shear and Bender..... 878
Punch, Shear and Bending Machine..... 885
Arnold Co., H. H.:
Reamers and Counterbores..... 374
Arnold, Julean:
China as a Machine Tool Market..... 616
Artillery Material, Redesigning of..... 241
Assembling Automobile Worm-gear Drives, Practice in..... 807
Association of Chinese and American Engineers.. 745
Atcheson Tool & Die Co.:
Keller Dial Test Indicator..... 1186
Atlas Press Co.:
Arbor Presses..... 778
Auer, Jacob, Personal of..... 1099
Austin Tool & Machine Co.:
Knurling Tool..... 190
Toolmaker's Vise..... 287
Australian Industrial Court for Labor Disputes.. 508
Australian Industry during the War, Development of..... 458
Automatic Drill Tool Co.:
Semi-automatic Drilling Jig..... 785
Automatic Machine Co.:
Thread Milling Machine..... 672
Profiling Machine..... 982
Automatic Machine, The Era of the..... 610
Automatic Screw Machine, see Screw Machine.
Automatic Transportation Co.:
Automatic Lifting and Tiering Truck..... 1192
Automatics, Machining Automobile Engine Pistons on Fay, Ralph E. Flanders..... 710
Automatics, Machining Automobile Steering Knuckles on Fay, Ralph E. Flanders..... 911
Automatics, Machining Automobile Transmission Gears on Fay, Ralph E. Flanders..... 644
Automatics, Machining Cone Pulleys on Fay, Ralph E. Flanders..... 1140
Automatics, Machining Tractor Camshafts on Fay, Ralph E. Flanders..... 825
Automobile Association Opposed to Metric System 1060
Automobile Engine Heater, Electric..... 462
Automobile Engines, testing..... 945
Automobile Factory Transportation Systems, Edward K. Hammond;
1 1
2 123
Automobile Industry, Consumption of Steel in.. 554
Automobile Manufacturers, Organization of German 451
Automobile Plants, Multiple Drilling in..... 958
Automobile Production in England, Mass..... 685
Automobile Steering Knuckles, Machining, Ralph E. Flanders..... 911
Automobiles, Growing Use of Pressed-steel Disk Wheel on..... 885
Averages, Correct Statement of..... 748
Averill, Felix E.:
Dimensions of Circular Forming Tools for Automatic Screw Machines..... 765
"Avey" Automatic Drilling Machine..... 569
Axle Design, Railway Car, A. L. Nichols.... 498
Axle Design, Railway Car..... 688
Axle Housings, Dies for Automobile Rear, J. Bingham 1067
Axles, Manufacturing Clark Rear, Edward K. Hammond:
1 801
2 936
Ayre, V. E.:
Intersection of Tapers..... 267
Measuring the Angles of Tapered Plugs with Two Sizes of Wires..... 360
Inspection of Tapered Plugs..... 541
Inspection of a Triple-tapered Chamber Check.. 648
Inspecting Tapered Flat Gages..... 736
Use of Wires for Inspecting Special Gages.... 816
Tapered Ring Gages..... 971
Testing the Radius of Curvature of a Gage.... 1076
Finding the Radius of a Small Disk..... 1176
Ayre, W. W.:
Facing and Boring Machine..... 584

B

Babbitting Locomotive Cross-heads, Indexing Jig for, Norman McCleod..... 1172
"Babbittrite" Compound..... 469
Bachman, Edwin J.:
Ingenious Repair Job..... 239
Back-rests, Fixtures for Grinding, F. W. Randall 977
Bacon, Frank R., Personal of..... 586
Badger Tool Co.:
Disk-grinding Machine..... 90
Grinding Machine Spindle Construction..... 684
Grinding Machine..... 782
Disk Grinder..... 987
Badgley, J. W., Personal of..... 292
Bahr, Gustave:
Spotting Center for Laying Out Work on Milling Machine..... 978
Revolving Lathe Center..... 1177
Baily, George, Personal of..... 895
Bain, H. G., Personal of..... 482
Baird Machine & Mfg. Co.:
Baird-Detroit Hand Screw Machine..... 86
Baird Pneumatic Tool Co.:
Pneumatic Riveter..... 1193
Bakelite Products, Cast-iron Molds for, Leonard C. Lotz..... 1061
Baker Bros.:
Horizontal Drilling Machine..... 87
Baker, Horace S., Personal of..... 94
Baker, L. M., Personal of..... 1099
Balance, Difference between Static and Running 666
Baling Press..... 91
Ball and Roller Bearings, Enclosure for..... 561
Ball Bearing Center for Use in Turning Hollow Work, Norman McCleod..... 872
Ball Bearing Jack..... 584
Ball Bearing Pulleys, Chicago..... 470
Ball Bearings, Manufacturing Three-area Contact, Fred R. Daniels..... 1107
Ball Casters, Manufacturing, Fred R. Daniels.. 1062
Ball Gaging Machine..... 945
Ball in the Inspection of Tapered Ring Gages, Use of a Steel..... 871
Ball, Martin H.:
Socket Wrench for Large Coupling..... 458
Ball Races, To Carburize Cold-rolled, S. P. Rockwell 667
Balls for Accurate Measurements, Use of Precision, R. L. Rankin..... 236
Band-saw Guard, M. E. Duggan..... 767
Band Saw in a Pattern Shop, Care and Operation of a, M. E. Duggan..... 787
Bar Pointing Machine, "Namco"..... 280
Bar Straightening Machine..... 885
Bar Twisting Machine..... 995
Bars, Punch Press Operations on T-iron, John Clarkson 270
Bars to be Milled, Attachment for Accurately Setting Steel, Donald A. Hampson..... 341
Barber-Colman Co.:
No. 2 Gear-hobbing Machine..... 180
Barium-chloride in Electric Hardening Furnaces, Use of..... 211
Barkley, W. L.:
Four-spindle Drilling Attachment..... 72
Adjustable Knurling Tool..... 980
Barnes, B. F., Obituary of..... 94
Barnes Drill Co.:
Sliding-head Gang Drilling Machine..... 578
Barnes, H. C., Personal of..... 482
Barnes, H. C., Personal of..... 586
Barrett-Cravens Co.:
Trailer Trucks..... 474
Barrett Machine Tool Co., Inc.:
Three-way Facing Machine..... 472
Barritt, J. W.:
Grinding Lathe and Planer Tools..... 917
Barth, Carl G., Personal of..... 1000
Base for Milling Machine, Index..... 1088
Bates Machine & Tractor Co.:
Special Machines in a Tractor Shop..... 1147
Baths Cool, Methods of Keeping Oil..... 952
Batzer, George, Personal of..... 1099
Bavaria, Labor Conditions in..... 1061
Baxter, H. A., Personal of..... 1099
Beams, Splicing Locomotive Brake, Victor M. Summa 653
Bearing Caps, Milling Engine..... 729
Bearing Metal, New..... 329
Bearing Metals in Place, Die-casting..... 38
Bearing, Oilless..... 190
Bearing Value of Alloys..... 909
Bearings, Randall Graphite Sheet Lubricator for Babbitted 188
Becker Milling Machine Co.:
Cherrying Attachment..... 90
Die-sinking Machine..... 277
Beebee, J. H.:
Winding a Compression Spring..... 1073
Belgian-American Chamber of Commerce..... 397
Belgian Machine Tool Conditions, U. S. Government Sales and, Alexander Luchars..... 226
Belgian National Industry Exhibition..... 180

Belgium, Production of Pig Iron in.....1145
Belgium, Sale of Machine Tools to..... 397
Bell, Norman, Personal of.....1198
Belt Brake for Countershaft. J. J. Borkenhagen 1177
Belt Design, Slippage Factor in.....1178
Belt Manufacture, Moving Picture Showing....1141
Belt Pole for Engine Lathe. John Homewood.. 168
Belt Shifter, Kremer-Cummins Mechanical..... 286
Belt Speeds, Efficient..... 358
Belts, Power Transmission by Steel..... 687
Belting. Pyroxylin Cement for Mending..... 635
Bement Miles Works:
Gang Drilling Machine..... 190
Bench Centers, American Gage Co.'s..... 684
Bench, Whitney Motor-driven Saw..... 281
Benches for Toolmakers, Individual..... 353
Bender, Armstrong-Blum Punch, Shear and.... 878
Bender, Flat Spring, L. W. Richardson..... 659
Benders, Wallace Pipe and Angle.....1090
Bending and Twisting Moments, Combined. Victor M. Summa..... 41
Bending Machine Patents, Pipe..... 997
Bending Machine, Punch, Shear and..... 885
Bending Machines, Pipe. R. P. Deane..... 448
Bending Roll, Plate..... 883
Bending Rolls, Plate..... 685
Bennett, Frederick A., Obituary of.....1002
Berg, L. de L.:
Time Chart for Lathe Turning..... 741
Chart for Screw Machine Stock..... 979
Berna, Tell, Personal of..... 94
Bernhard, E. W., Personal of..... 586
Bessemer and Open-hearth Steels. Comparative Use of.....1078
Bessemer Iron Ore..... 447
Betts Machine Co.:
Betts-Bridgeford Geared-head Lathe..... 775
Betts-Bridgeford Lathe..... 881
Geared-head Lathe..... 983
Continuous Milling Machine.....1190
Betz, William C.:
Measuring Diameters of Holes..... 768
Spring Guide for Blanking Dies..... 816
Bevel Gears, Method of Cutting. W. K. Mulock 1076
Bevel Gearing, Recommended Practice for.... 327
Bicknell-Thomas Co.:
Tapping Machine..... 783
Tapping Machine..... 986
Billings, Charles Ethan, Obituary of.....1098
Bigelow, Fred A., Personal of.....1198
Bins, Sectional Stock-room..... 34
Bingham, J.:
Dies for Drawing a Difficult Shape..... 72
Forming and Drawing Dies for Sheet-steel Shells 165
Dies for Automobile Muffler Housings..... 396
Dies for Drawing an Air Pump Part..... 454
Dies for Automobile Oil Filler Cup..... 495
Dies for Automobile Wheel Hub..... 603
Dies for Drawing a Universal Joint Cover.. 764
Dies for Shaping a Motorcycle Part..... 808
Dies for Double-flanged Shell..... 964
Dies for Automobile Rear Axle Housings.....1067
Dies for Seamless Water Pails.....1118
Dies for Drawing a Differential Gear Case..1171
Bird, Robert N., Personal of.....1099
Black & Decker Mfg. Co.:
Air Compressor..... 996
Blade for Cutting off Wire, Circular. S. B. Royal 268
Blades, Hunter Improved Tooth Adjustment for Inserted-tooth Saw..... 776
Blades, Peerless "Duplex" Hacksaw..... 779
Blocks, Round Master..... 685
Blakeslee, Clyde W., Personal of..... 586
Blakesley, William:
Universal Sine Bar..... 359
Blanchard, Myron T. H., Personal of..... 482
Blasting Machine, Piston.....1096
Bliss Co., E. W.:
Power Press of Unusually Large Size.....1196
Bloomer, William S., Personal of..... 895
Blue, A. A., Personal of..... 586
Blueprint Protector..... 619
Blueprint Trimmer. James Nelson..... 664
Blueprint Washing and Drying Outfit. James B. Nelson..... 560
Blueprints, Importance of Using Legible. John A. Markstrum..... 741
Blush Tool Co., A. T.:
Multiple Micrometer.....1090
Boa, George C., Personal of..... 898
Boehm, A. H.:
Internal Grinding Fixture..... 870
Bofors Co.:
Self-aligning and Self-locking Set-screws.... 395
Boggan, E. J., Personal of.....1102
Boiler Tube Expanders..... 287
Bold, Herbert:
Formula for Taper Measurements..... 763
Bole, Robert A., Personal of.....1099
Bolt and Nut Machinery..... 584
Bolted and Riveted Joints, Stresses in. Victor M. Summa..... 730
Bolt and Rod Pointer, Kent..... 989
Bolts, Use of Gunpowder for Removing..... 963
Bonus Distribution Based on Length of Service 520
Book on Drilling Practice, New..... 198
Book on Iron and Steel, New..... 94
Bore Grinding Machine, Van Norman.....1183
Boring and Burnishing Tool, Michigan Cylinder 187
Boring and Facing Pistons in a Lathe..... 525
Boring and Grinding Machine, Cylinder.....1092
Boring and Tapping Machine, National..... 472
Boring-bar, Micrometer for Setting Cutter in. Norman McCleod..... 456
Boring Head, Casler Drill Chuck..... 676
Boring Machine, Ayre Facing and..... 584
Boring Machine, Defiance Cylinder..... 87
Boring Machine, Pearson Precision Spacing and 565
Boring Machines, Giddings & Lewis..... 282
Boring Machines, Moline Horizontal..... 785
Boring Mill, Storm.....1092
Boring Mill, Using an Open-side Planer as a.....1152
Boring Mills, Cincinnati..... 563
Boring Mill, Flange Facing Operation on a Vertical. John A. McMonagle..... 40
Boring, Milling and Drilling Machine, "Kriesel" 186
Boring Recess at Bottom of Hole. S. B. Royal 360
Boring, Turning and Facing Machines, Continuous Drilling..... 685
Boring-tool Holder for Milling Machine. Paul H. Byer..... 873
Borkenhagen, J. J.:
A Live-wire Machine-setter..... 403
Adjustable Stop for Hand Screw Machines.. 457
Truck for Moving Shop Tools..... 560
Air Chuck Attachment for Threading Studs..1171
Belt Brake for Countershaft.....1177
"Both Ways" Planing Tool..... 190
Bottin, Gustave, Personal of..... 479
Boulin, C. H.:
Hasler Integrating Tachometer.....1187
Bourquin & Co.:
Drawing Pen..... 785
Bower, John C.:
Westinghouse Employment Department..... 243
Bowland, N.:
Manufacture of Wrought Iron Pipe..... 844
Bowser & Co., Inc., S. F.:
Milling Rack Teeth on Multiple-spindle Milling Machine..... 66
Machining Impeller Pump Cylinders..... 330
Crank-handle Drilling Fixture..... 382
"Boyergrip" for Chicago Pneumatic Hammers.. 80
Brackets of Different Lengths, Drill Jig for..1120
Braden, N. S., Personal of..... 94
Bradley & Son, Inc., C. C.:
Motor-driven Hammer.....1096
Brake Attachment for Cowan Transveyors..... 785
Brake Beams, Splicing Locomotive. Victor M. Summa 653
Brake for Countershaft, Belt. J. J. Borkenhagen 1177
Brake Lever Design. Victor M. Summa..... 342
Brasch, Frank:
Multiple Punch..... 559
Brass Shell, Drawing a. R. P. Deane..... 170
Brass Tubing, Making Seamless Copper and. Edward K. Hammond..... 487
Brasses to Facilitate Machining, Redesigning Journal. M. E. Duggan.....1077
Brayton, H. M.:
Clutch Design..... 415
Brazil, United States Exports to..... 807
Brewster, Kingman, Personal of..... 482
Bridgeford Machine Tool Works:
Betts-Bridgeford Geared-head Lathe..... 775
Betts-Bridgeford Lathe..... 881
Betts Geared-head Lathe..... 983
Bridgeport Machine & Tool Mfg. Co.:
Automatic Water Heater..... 375
Britigan, Edward E., Personal of.....1099
British Exports, Increase in..... 791
British Isles, Water Power in the.....1176
British Machine Tool and Metal Industries. Alexander Luchars..... 19
British Machine Tool Industry, The:
1 709
2 890
3 1027
British Wrought Iron Industry..... 641
Broaches, Graphical Method of Designing. George C. Hanneman..... 823
Broaches with Inserted Teeth, Keyway..... 561
Broaching Machine, American..... 876
Broaching Machine, Lapointe Machine Tool Co.'s Duplex 780
Broaching Machines, Originators of.....1196
Broaching Practice, Modern. Edward K. Hammond:
1 903
2 1049
Brosius, Edgar E.:
Charging Machine for Annealing Furnace.... 996
Brotherhood, Percy M., Personal of.....1000
Brown & Sharpe Mfg. Co.:
Automatic Milling Machine..... 884
Transferring Device for Screw Machine.....1096
The Brown & Sharpe Apprentice House....1193
Brown Engineering Co.:
Expanding Ring Clutch..... 878
Brown Instrument Co.:
Compensated Pyrometer..... 79
Portable Potentiometer..... 676
Browning & Co., Victor R.:
Hoist 88
Brush Pilot Gage Co.:
Brush Pilot Gage..... 986
Bryant Chucking Grinder Co.:
Chucking Grinding Machine.....1190
Bucher-Smith Co.:
Motor-driven Keyseating Machine..... 287
Buckets, Shop Floor..... 996
Buckingham, Earle:
Machine Design in Interchangeable Manufacturing Practice..... 8
Purpose of Models in Interchangeable Manufacture 129
Component Drawings for Interchangeable Manufacture:
1 259
2 332
Practice in Making Component Drawings for Interchangeable Manufacture:
1 438
2 521
Economical Interchangeable Manufacturing Practice 636
Equipment for Interchangeable Manufacturing:
1 754
2 828
3 927
Gages in Interchangeable Manufacturing:
1 1040
2 1112
Buckwell, E. G., Personal of..... 292
Buffing Machines, Grinding and.....1193
Buie, Edward F., Personal of..... 794
Building a Plant to Suit the Product..... 314
Building Construction, Possibility of a Drop in Cost of.....1145
Building Versus Manufacturing Machinery....1030
Bulgarian Commercial Commission..... 154
Bullard Machine Tool Co.:
Ford Mult-au-matic Practice..... 293
Bureau of Foreign and Domestic Commerce, Resolution in Favor of..... 790
Bureau of Standards, The Work of the..... 505
Bureau of Standards' Work on Tolerance, The.. 154
Bureaus and Foreign Commerce, Government....1037
Burgess, Charles, Obituary of..... 482
Burke Machine Tool Co.:
Sensitive Drilling Machine..... 474
Burners and Quenching Mediums for Heat-treatment, Fuels. S. P. Rockwell..... 837
Burnishing Tool, Michigan Cylinder Boring and.. 187
Burwin Co., Inc.:
Universal Clamps.....1192
Bush Electric Co.:
Cartridge Fuse Remover..... 884
Bushing for Drill Jig, Slip.....1177
Bushing from Blind Hole, Removing..... 329
Bushing, Improved Type of Slip..... 768
Bushing that Has Been Made Over Size, To Reduce a. M. Jacker..... 274
Bushings, Forming Irregular-shaped Holes in Die-block. John A. Shand.....1074
Bushings, Resizing Worn Bronze. C. Nye..... 664
Business and Good-will, Sale of. Chesla C. Sherlock 532
Business Conditions, a Record of..... 164
Business Course for Workmen.....1117
Business Standards in Government Departments, Adopting 818
Button and Prick-punch, A Combination Locating. John A. Shand..... 663
Buy Government Machine Tools, Technical Schools May Now..... 508
Buying Second-hand Machinery from the Government. Donald A. Hampson..... 437
Byer, Paul H.:
Boring-tool Holder for Milling Machine..... 873
Byers Co., A. M.:
Manufacture of Wrought Iron Pipe..... 844

C

Cabinet, Oil-filtering.....1096
Cadillac Motor Car Co.:
Stock-room Methods..... 501
Cadillac Tool Co.:
Drilling and Centering Machine.....1096
Double-end Tapping Machine.....1096
Cadmium Solders..... 324
Calibrating Tank Gage Sticks, Slide-rule for.... 724
Caliper as a Check for Micrometer Measurements, The. Donald A. Hampson..... 403
Caliper of Special Design, Inside. V. G. Terry 458
Caliper, Knauel Adjustable Taper.....1089
Calipers, Indicating..... 91
Calkins, Harry T., Personal of..... 292
Calculation of Piece-work Earnings, Rapid. S. P. Keator..... 271
Callahan, J. J.:
Representative Government in a Manufacturing Plant..... 256
Cam Grooves, Fixture for Milling..... 410
Cam or Form Milling Machine, Garvin..... 568
Cam Periphery, Holding Device for Grinding. John T. Clark..... 662
Cams for Automatic Screw Machines, Designing Cut-off. John A. Crabtree..... 806
Camograph, Davis-Bournonville No. 2..... 181
Campbell, H. L.:
Electromagnet for Shop Hospitals..... 358
Camshaft, Chuck-type Driver for. LeRoy Jagow 661
Camshaft Lathe..... 584
Camshafts on Fay Automatics, Machining Tractor. Ralph E. Flanders..... 823
Canada, Foundries and Machine Shops in.....1163
Canadian Engineering Standards Association.... 405
Capitalization of American Industries..... 191
Capper, Arthur:
The Postal Zone Law..... 292
Car Shortage by Care in Shipping Freight, Reducing 251
Cars, Exports of Passenger.....1048
Cars for Moving and Not for Storing Freight, Using Freight.....1131
Cars, Opportunity for Export Trade in Locomotives and..... 626
Cars, Shortage of..... 974
Carborundum Co.:
New Aluminous Abrasive..... 189
Carborundum Furnace Linings..... 632
Carburize Cold-rolled Ball Races, To. S. P. Rockwell 667
Carburizing and Annealing Box..... 582
Carburizing and Casehardening. S. P. Rockwell:
1 387
2 534
3 627
Carburizing and Casehardening Chain Blocks.. 668
Carburizing Compound Mixer, Kent..... 992
Cardboard Machinery Models. George C. Hanneman 869
Cardboard Templets for Testing Special Gears, Use of. W. Mangold..... 327
Cardinal, Edward R., Personal of..... 94
Carter, R. M., Personal of..... 794
Casals, D. Ramon, Personal of..... 895
Casals, Ramon:
American Machine Tools in Spain..... 316
Case for Protecting Job Tickets, Transparent... 824
Casehardening, Carburizing and. S. P. Rockwell:
1 387
2 534
3 627
Casehardening Chain Blocks, Carburizing and.. 668
Casehardening Steel. S. P. Rockwell..... 770
Casein Glues, Characteristics of..... 450
Caskey, Charles T., Personal of.....1099
Cast-iron Cylinder, Welding the Interior Surface of a. Otis Allen Kenyon..... 642
Cast-iron, The Growth of..... 169
Cast-iron Molds for Bakelite Products. Leonard C. Lotz.....1061
Cast-iron Wares, Practice in Making Enameled.. 405
Cast Steel.....1078
Castings, Centrifugal Steel..... 410
Castings, Controlling the Cooling of..... 28
Castings, Removing Broken Taps from..... 840
Casters, Manufacturing Ball. Fred R. Daniels..1062
